## January Newsletter

### Message from the Grandmothers:

Greetings Dear Ones:

Even though it is the time when most of you are resting within the Medicine of Bear, huddled within your caves of introspect, we still are forever with you, hovering over, around and through you.

For those that use the Medicine of the Mugwort under your pillows we automatically know your request. In your Dream Times our messages seep deep within the memory canals of your thoughts.

Trust the knowledge that is given to you for we are teaching those that leave their offerings how to open the portholes to the Divine. We ask that you always stay within a prepared state of mind to be taught, as our time is not the same as yours.

We stand with you to protect your future and always give credit to the things that remain with you from your past. As we know this we know you and your deepest dreams.

Know your ceremonies and bring them forth. They are coming from our highest of ancient ones. We have cleared the way to those that are ready to accept and continue their teachings.

As we tap into the ancient traditions we re-new the purest of intentions and the strongest of energies available to all that will listen and follow through, for and by Spirit.

We have touched your hearts as you have opened your hearts to us. It is through us that connect the relationship to our Mother Earth. You are the conduit between the core of the Divine to the Core of our Mother. As you step within that core you become one with the roots of the Great Peace Tree. The wisdom is endless.

The Ancient Ones are coming to you because we Grandmothers can reach you more clearly. It is the times of healing and cleansing. You are being given a vast amount of information and tools in order to tap into these healing sources. We do not want to overwhelm you. That is why your network connections and circles are so important. Pay attention to the tiniest of signs. Do not leave a leaf nor stone unturned.

You are stepping into the 5<sup>th</sup> dimension, where you leave behind sense of body and enlighten yourselves to the senses of Spirit. These are times of devastation and holy times, it is your choice which way to go.

Each one of us will receive a piece of information that needs to be shared with those that know why we are feeling these changes and are willing to listen. There is no time to be wasted this information is being given in huge segments of teachings. Your Circles are necessary you must keep them growing around the World to remain solid in our connections.

## A letter from our Sister Anyah

Dear Grandmother Whitedeer,

Don't know how this will help, but feel led to offer, one of the music cd's I produced called "Immaculate Waters", that was produced in 2002 is specific for healing using prayers for forgiveness, and cleansing. There is a lot of water sounds and nature sounds throughout.

The music was made when I went through a healing and spirit helped me through the death process and crossed that threshold and now am on the 9th music cd still alive and more focused on the real work/purpose for even being on this planet.

Each music cd produced between the years of 1998-2009 is for some aspect of healing and balancing the chakras and masculine/feminine energies.

I was a former "grandmother speaks" host for 3 years and held groups at a sacred site and gave empowerments for the grandmother's work, so through that opening was connected with you all.

I'd like to donate 100 of these music cd's to support the work. You can use these for fund raising.

To let you know, these music cd's are recorded with the 528 hz, which is harmonious to the system, and is converted back into analogue another helpful tool to balance the chakras. Each song on each album individually is helpful to balance the chakra, and then when the whole music cd is listened to with intent for deep meditation is for even another level of balancing the chakra system. There are prayers of different sacred languages

Please think about it, and let me know if it can help. Much love and many blessings, Anyah

We have these along with several others now to distribute for our Fundraising Venture for our cause.....e-mail

**We're grateful for you.** Without your help, we could not bring life's most basic necessities to those in Uganda, Ghana, Ethiopia, Kenya, Honduras, Bangladesh, India, and Haiti.

This year, we reached more than 238,000 people with sustainable access to safe water and sanitation. Next year, we are striving to reach even more people and a total of one million people during our 21 year history.

**Thank you for working with us** to achieve universal access to clean water and the dignity of a toilet!

Feel thanks, touch the snow,  
spread the blessings.

**When we stand together in ceremony, the receptive crystals of water in the snow feel the gratitude that we have for the Mountain. These feelings spread from the snow beneath our feet, down the rolling slopes and under the trees all around the Mountain – a blanket of blessings. In the warm sun of springtime, the snow crystals full of love become water flowing downhill, into the creeks, into the rivers, into the ocean, rising and falling again as rain or snow, carrying our blessings to all beings.**

For the last two years we have done ceremonies on Mount Ashland, in Oregon. We will do this again in April, 2010, at the ski area near the top of the mountain, in the quiet time after the close of the season. We wish to encourage others to do the same kind of ceremony on mountains all around the world.

## Different Cultures in Common Prayer for our Common Ground ~ Mother Earth

DATE Sunday April 10, 2011

### Oregon

An essential part of the ceremony is bringing together people from different backgrounds, reflecting the diversity of the Earth, honoring natural harmony as a model for human harmony.

Many of us want to give more attention to the Earth these days. Whatever our spiritual tradition, or non-spiritual tradition, we recognize that our larger home needs attention.

Mountains, with their far-ranging views, are a good place to go for a sense of the whole Earth. And the snow that covers them in the winter gives us a dramatic way to understand the water cycle that nourishes planet, people, plants and animals alike.

When we touch the snow, we touch the water that, in the warm sun of springtime, will flow downhill, into the creeks, into the rivers, into the ocean, upward to the sky, and down again, reaching all of life.

This is why we want to encourage folks to go up on mountains in the snow and express their positive feelings – about mountains, snow, water, Earth, life in general, and each other.

Following traditions shared by many cultures, we call these feelings “blessings,” and call the events “Blessing Mountains in the Snow.” Like the Earth, they are open and free to all. And also like the Earth, we hope that the people who come to offer blessings will be of many different traditions and beliefs. For example, Native Americans of several Tribes, Catholics, Protestants, Jews, Buddhists, Zoroastrians, Pagans, environmentalists and others have all offered blessings on Mount Ashland, the one mountain in Oregon where these events have happened in the past two years.

No matter where we come from or what we believe, we all have some common problems to solve. Getting together on mountains in the snow can help us to feel our unity, the enormity of the issues, and how we can all reach out to help.

- **Chief Golden Eagle calls all Ikce Wicasa, medicine men-women, people of all nations, all nations of black, red, yellow and white, all nations of color and heart, to spend a moment on 1-11-11 at 11:11 am and 11:11 pm, to pray for the Nations of Mother Earth to Wake Up!**
- **The AIR is polluted, the bird nations have spoken with their lives. They have given of themselves to remind humanity that our AIR is contaminated.**
- **The WATER is polluted and the ones that swim have spoken with their lives. They have also given of themselves to remind humanity that our WATER is contaminated.**
- **The FIRE has been abused by man. Atom has been split, atom bomb, hydrogen, bomb, many others beyond the mind of heart.**
- **The Earth is being shaken by the toys of man, yes mother earth smiles, but she also can correct a child, just as two-legs correct their children.**
- **Take heed people, karma follows every action, every word and every thought. Karma follows all those that allow atrocities to fall out of the natural rhythm of the Universal and Spiritual Laws of Creator, Universal Mother and of Creation. The sisters, the children and Mother Earth may soon speak their message through the word of the land.**
- **Allow our hearts to be as ONENESS on 1-11-11, through this Law of Attraction, of Light, Sound and Vibration we can and will succeed. Plant the seed of Peace, Love, Respect, Harmony, Honor, Healing and Truth. EARTH, AIR, WIND, WATER.**
- **The nations of peace have arrived, and as Patriots of Light, we must light their path through our actions of love. ### **--"A Net of Light now Holds the Earth"**

"We are calling you to service. Throughout the cosmos, within your bloodstream and every particle of life on earth there is a great net, web, or grid of light. We have spoken before of the Net of Light and have told you that it will hold the earth steady during the times of change that are upon you. We are calling you now because more are needed to activate this construct. The conditioning of your culture has not taught you how to work in the way that is required now, so we will explain.

"The Net of Light holds everything. Whether or not you are aware of it, everyone is part of this Net. All. Forms of the Divine that have been worshiped throughout the ages infuse it while the light within the Net infuses the breath in your body.

"Because it connects everything, whenever you focus on the Net of Light, you activate its power, sending support to life everywhere. And because so many today live in fear, feeling cut off from the Source, the Net of Light *must be activated*. Most of you have felt a sense of isolation at one time in your life so you know how miserable it feels. Such suffering, however, is unnecessary as the thought of being alone in a hostile world *is a great lie*. Each of you is part of the elemental fabric of being, part of the radiant Net of Light.

"When at last you open to the reality of the Net of Light, your every breath will resonate with light. You will know the rightness of your existence. Furthermore, because the Net of Light holds not only you, but all life, as you awaken to your connection to the Source, everything on earth will begin to awaken.

"*There is NO effort involved in 'working' with the Net of Light. You cannot make this link with your ego, your personality, or by effort of any kind. 'Working' with the Net is effortless. And because activating the Net of Light is so important, we will teach you how to make this connection.*

"You may begin by thinking of or imagining your connection to us, (the Great Council of the Grandmothers), to Allah, Jesus, Buddha, or to any form of Love that draws you. This form of Divinity will immediately touch your heart and link you to the Net of Light. Or, you can go directly to the Net by thinking of it as a vast fishing net that covers the earth.

"Take time to make this connection, and observe your response. Notice how you feel. Then sit with your body open, palms cupped, and ask to receive from the Source. This will be easy to do as this posture invites reception.

"Breathe in the goodness coming into you from the Net of Light and as you do, you will automatically breathe out whatever prevents you from receiving it. This goodness is your birthright and the physical pose you have taken will encourage you to absorb it. Your body will not only teach you how to receive, it will also record whatever takes place within you as you open to the Net. As you receive from the Net of Light you will feel more and more at one with the Source and as this happens, stress will simply leave.

"After you've sat for a while, ask the Divine to give you the qualities you personally need. If you need courage, ask for it and as courage fills you, watch as fear melts away. Take time to breathe in courage/breathe out fear until you feel complete with the transfer of energy. Then move on to the next quality you want. If you want strength, ask for it and weakness will waft away. If you want peace, let yourself absorb peace and observe as worry fades. You are working with the Source of all that is, so ask for what you want. And when you have done that, rest in the Net of Light's embrace. Pay attention to how you feel. Relaxed? Warm? Cool? You may sense the Net as a sparkling hammock or bed where you can rest and absorb light.

"Because you are part of the whole, your link to the Net of Light is fundamental. The Net of Light is beneath, around, above, and within you. It is the radiance of your heart that empowers the Net of Light and the radiance of the Net of Light that empowers your heart.

"Whenever you think of amplifying your union with the Net of Light you also amplify its union with everything that lives. And because humans, animals, plants and minerals are connected to the Net, this happens automatically. The Great Holding of the Net cradles you and cradles everything.

"Because the 'work' of amplifying the Net of Light is so important, we ask you to begin to do it *now*. We know we have given you a lot to comprehend today, but this is just the beginning. We will give you more information soon. But for now, simply rest in the Net and let it hold you and as light and love pour through you, pay attention to how your body responds.

"As you open more fully to the love within the Net of Light, ask that all life also open and receive it. *Intention underlies everything*. Therefore, whenever you think the thought of unifying with the Great Love/the Great Net, your intention enables others to do the same. Do it!

"By calling on the Net of Light you bless yourself and bless all beings.

**"We, the Great Council of the Grandmothers, have come to call you to this work. Greatness is now afoot and we invite you to play your part in the awakening of this Greatness."**

Grandmother Aggie is Standing with the Dali Lama

Dear Friends of Grandma Aggie,

Good news! Grandmother Agnes sailed through hip surgery on Monday with flying colors. And the fundraising campaign organized by Windsong and Louise Rouse raised \$858, enough to cover her hospital out-of-pocket costs and more. THANK YOU SO MUCH!

Right now she is at Three Rivers Hospital in Grants Pass (500 SW Ramsey, GP, 97527).

According to Louise, Grandma was happy and alert by Monday evening, educating hospital staff about the Thirteen Grandmothers and chatting about how she had talked to Grandfather before the surgery to ask for his blessing, because "I have more work to do." On the physical plane, a friendly hospital helper arranged for her to have salmon for dinner, which
